Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association

- ¹ These high deductible plans pay the same benefits as Plans F and G after one has paid a calendar-year \$2,700 deductible. Benefits from High Deductible Plans F and G will not begin until out-of-pocket expenses are \$2,700. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. This includes the Medicare deductibles for Part A and Part B, but does not include the plan's separate foreign travel emergency deductible.
- ² Medicare Select Plans require that you use Blue Cross and Blue Shield of Illinois contracting Medicare Select hospitals for non-emergency admissions to receive coverage for the Medicare Part A deductible. In an emergency, the \$1,600 deductible is covered at any hospital from which you receive care. Only certain hospitals are network providers under this policy. Check with your physician to determine if he or she has admitting privileges at the network hospital. If he or she does not, you may be required to use another physician at time of hospitalization or you will be required to pay for all expenses. If an insured moves out of the service area, there will be a reduction of benefit coverage and they will have the opportunity to purchase any Medicare Supplement policy with comparable or lesser benefits offered by the insurer, or Medicare Supplement/Select plans A, B, C, F, K, or L from any insurer within 63 days of termination.
- ³ Plans K and L provide for different cost-sharing for items and services than the other plans we offer. Amounts that count towards the annual limit are noted with an asterisk (*). Once you reach the annual limit, the plan pays 100% of the Medicare copayments and coinsurance for the rest of the calendar year. The out-of-pocket annual limit does NOT include charges from your provider that exceed Medicare approved amounts, called "excess charges." You will be responsible for paying excess charges.
- ⁴ The out-of-pocket annual limit will increase each year for inflation.

You have the option to purchase any of the Medicare Supplement benefit plans shown on the front cover in white as Standard Plans or as Medicare Select Plans, with the exception of Plan A, High Deductible Plan F¹, High Deductible Plan G Plus¹. Those plans are available as **Standard Plans only**.

Medicare Select Plans require that you use Blue Cross and Blue Shield of Illinois contracting Medicare Select hospitals for non-emergency admissions to receive coverage for the Medicare Part A deductible. In an emergency, the \$1,600 deductible is covered at any hospital from which you receive care. Only certain hospitals are network providers under this policy. Check with your physician to determine if he or she has admitting privileges at the network hospital. If he or she does not, you may be required to use another physician at time of hospitalization or you will be required to pay for all expenses. If you move out of the service area, there will be a reduction of benefit coverage and you will have the opportunity to purchase any Medicare Supplement policy with comparable or lesser benefits offered by the insurer, or Medicare Supplement/Select plans A, B, C, F, K, or L from any insurer within 63 days of termination.

PREMIUM INFORMATION

Blue Cross and Blue Shield of Illinois can only raise your premium if we raise the premium for all policies like yours in the state. We will not change your premium or cancel your policy because of poor health. Premiums change at age 65 and every year thereafter up to age 100. If your premium changes, you will be notified at least 30 days in advance.

Gender

One factor that will determine your premium is your gender. When completing the application, you will need to make a gender selection.

Tobacco User

A Tobacco User is a person who is permitted under state and federal law to legally use Tobacco, with Tobacco use (other than religious or ceremonial use of Tobacco) occurring on average of four or more times per week that last occurred within the past six months. Tobacco products include but are not limited to: cigarettes, cigars, smokeless tobacco products, electronic cigarettes, dissolvable tobacco products, and vaping.

If you meet the definition of a Tobacco User, you may pay a higher premium for your health coverage.

MEDICARE SELECT HOSPITAL RESTRICTIONS

Plans F, G, G Plus, K, L and N are Medicare Select policies currently available if you live within 30 miles of a Medicare Select hospital. Part A benefits may be restricted if you receive services in a hospital that is not a Medicare Select Hospital.

The full benefits of your coverage, excluding Plan K & L coinsurance, will be paid anywhere if:

- 1. Services are provided in a Doctor's office, another office setting, or in a skilled nursing facility;
- 2. The services are for symptoms requiring emergency care or are immediately required for an unforeseen illness, injury or condition and it is not reasonable to obtain such services from a Medicare Select Hospital (such as while you are traveling); or
- Covered services are not available through a Medicare Select Hospital.
